Rafael:

I will not be back to the office until Wednesday. The Removal order is to remove contents from tanks and containers and remove all visibly contaminated soils. We do not intend on doing any sampling. All sampling of the soils should be done as part of the RI.

Thanks

Gary Moore

Gary, we need to discuss how the work under the removal is going to impact the RI (i.e., what sampling will be performed under the tanks that are dismantled, will the sampling meet the requirements of the RI, etc). I am in the office tomorrow.

Richard:

Thank you for your email and attachments. Gary Moore and Steven Halasz should begin discussions concerning NORCO's resumption of the removal order. The executed Agreed Order constitutes EPA's withdrawal of the Work Takeover of the Removal Action. As we discussed, EPA will remain in contact with you, as well.

Regards,

Gloria Moran
